ahojky, posilam hodnoceni studentu tve exkurze na Tokamak, vsechna. promin, spadl skolni mail, pisu z jine adresy. Jeste jednou moc dekujeme pa lenka

really interesting

Too much information in 1 h.

Very interesting

Interesting

GREAT (no complains)

It was really intresting

the most interesting thing about the course, the very kind teacher

My favourite, the very kind teacher and I want do the complete practise

The presentation was good, we got the basic idea of how fusion works but nothing too crazy

I learn some informations that i didnt know, i enjoyed that

It was really interesting also, I enjoy this moment

interesting

Interesting and very intruiging to see all of the different components. Perfect explanation.

A short but interesting demonstration. It was also a nice way to round of the final day of the week.

I really enjoyed it.

The teacher is incredible good. his educational material is really good
