To whom it may concern.

It is my pleasure to invite Juan Ignacio Monge-Colepicolo to visit the GOLEM tokamak at the Faculty of Nuclear Sciences and Physical Engineering, Czech Technical University in Prague for the period September 17th, 2018 to January 13th, 2019. The goal of the internship would be the collaboration on advancement of the design and operation of Magnetic Diagnostics of the MEDUSA-CR Spherical Tokamak as well as the GOLEM tokamak. All necessary funding of the internship will be provided by the Costa Rica Institute of Technology Cartago, Costa Rica.

Sincerely,  
Vojtěch Svoboda  
the GOLEM tokamak chief operator.
