\def\quotations{
\begin{quote}
\textit{First of all, we would like to express our gratitude for this remarkable opportunity.
To perform a remote measurement on a tokamak, and to be part of such an international operation for
the first time in our life, is way beyond our earlier expectations as physics students.
We wish you luck for the future, and lots of plasma :) }
\flushright{Andras Karman, Gergely Klujber, Mate Ferenczy and Peter Nemetvarga (BME Hungary)}
\end{quote}}
